Key resources: First Peoples Principles of Learning (FPPL); Aboriginal Worldviews and Perspectives in the Classroom

FPPL to be included in this lesson	How will you embed Indigenous worldviews,
(check all that apply):	perspectives, or FPPL in the lesson?
Learning ultimately supports the well-being of the self, the family, the community, the land, the spirits, and the ancestors.  Learning is holistic, reflexive, reflective, experiential, and relational (focused on connectedness, on reciprocal relationships, and a sense of place).  Learning involves recognizing the consequences of one's actions.  Learning involves generational roles and responsibilities.  Learning recognizes the role of Indigenous knowledge.  Learning is embedded in memory, history, and story.  Learning involves patience and time.  Learning requires exploration of one's identity.  Learning involves recognizing that some knowledge is sacred and only shared with permission and/or in certain situations.	Experience the difficulties of painting the Sistine Chapel to learn rather than just hearing about it.  Some knowledge is sacred and must only be shared in specific ways about the respect and conservation of the Sistine Chapel with no photography rules.

#### 4. BIG IDEAS

Key resources: https://curriculum.gov.bc.ca/ (choose course under Curriculum, match lesson to one or more Big Ideas)

What are students expected to understand? How is this lesson connected to Big Idea/s or an essential question?

Contacts and conflicts between peoples stimulated significant cultural, social, political change.

Essential Question: How and why is art created?

#### 5. LEARNING STANDARDS/INTENTIONS

#### 6. ASSESSMENT PLAN

Key resources: Instructional Design Map and https://curriculum.gov.bc.ca/classroom-assessment

Will you use **observations**, have targeted **conversations**, or collect **products**? Mention any opportunities for feedback (descriptive or otherwise, and other forms of self-assessment, peer assessment, and teacher assessment. What tools, structures, or rubrics will you use to assess student learning (e.g. Performance Standard Quick Scale)? Will the assessments be **formative**, **summative**, or both?

During silent reading I will check their notes from last week. They will start the week 2 formative notes.

#### 7. DESIGN CONSIDERATIONS

Make brief notes to indicate how the lesson will meet needs of your students for: <u>differentiation</u>, especially for known exceptionalities, learning differences or barriers, and language abilities; inclusion of diverse needs, interests, cultural safety and relevance; <u>higher order thinking</u>; <u>motivations</u> and specific <u>adaptations or modifications</u> for identified students or behavioural challenges. Mention any other design notes of importance, e.g. cross-curricular connections, organization or management strategies you plan to use, extensions for students that need or want a challenge.

Refer to Design and Inclusion Considerations on Unit Plan.

**Required preparation:** Mention briefly the resources, material, or technology you need to have ready, or special tasks to do before the lesson starts, e.g. rearrange desks, book a room or equipment.
